Available Lengths: **12' / 14'**
GVWR: **14,000 lbs.**
Cargo Capacity*: **Up to 10,850 lbs.**

5-STAGE

TELESCOPIC HOIST

Front-mounted beneath the top rail for added protection, this telescopic design delivers powerful lifting performance with fewer moving parts and wear points than traditional scissor hoists.

8" I-BEAM

FRAME

Heavy-duty I-beam construction provides a strong, rigid foundation to support demanding loads and withstand the rigors of daily use.

INTEGRATED

BOARD BRACKETS

Built-in brackets make it easy to add sideboards, increasing dump body volume for hauling bulky materials.

*Cargo capacity varies by model and configuration. Never exceed the trailers rated GVWR or cargo capacity.
